Form 12b-25
Part IV, Question (3)

The Registrant is filing this Form 12b-25 for a 15-day extension for filing its Annual Report on Form 10-K for the period ended September 30, 2007 ("FY 2007") to enable its management to complete the financial statements so as to allow for a complete review of its financial statements by the Audit Committee of the Board of Directors, its current independent registered public accounting firm and its predecessor independent registered public accounting firm. Management expects however that financial results may significantly vary compared to the fiscal year ended September 30, 2006 ("FY 2006") because in FY 2006 the Registrant took a \$16.9 million valuation allowance against the Registrant's deferred tax asset with a corresponding adjustment to the provision for income taxes. There will be no correlating provision for income taxes in FY 2007. In FY 2006 the Registrant also reported income from discontinued operations of \$5.0 million related to the sale of its DSI Payroll Services division. There will be no correlating income from discontinued operations in FY 2007, and in fact, the Registrant expects a loss from discontinued operations in FY 2007.
