Shareholder Letter

As part of the annual report that shareholders will receive prior to this summer's Annual Meeting of Shareholders, a letter to shareholders by Mr. Zach Parker, CEO of TeamStaff, was included. Here is a partial excerpt, with a full copy available at <http://www.teamstaff.com/presentations/>.

Although current economic and business conditions present formidable challenges, and we can not be assured of our success, our leadership team is optimistic about our future. Several factors contribute to our optimism:

- Our strengths and core competencies in the government services market aligns well with the President's (and Pentagon's) budget priorities with particular emphasis in areas supporting logistics and healthcare delivery to existing veterans and those Warfighters soon to return from Iraq and Afghanistan. Our Government Solutions (GS) business offers potential for TeamStaff to be well-positioned for growth in this expanding market.
- TeamStaff is proud of our relationship with the Department of Veterans Affairs Consolidated Mail Outpatient Pharmacy (CMOP) program and its recent recognition, in 2009, by J.D. Power and Associates for Outstanding Customer Service rated as "Among the Best." TeamStaff GS is currently the largest provider of staffing services in support of the CMOP system and is honored to provide quality support to our nation's veterans through the CMOP program.

- Recent organic growth with wins on key government contract competitions including the Armed Forces Retirement Home healthcare program as well as several critical positions to support American Recovery and Reinvestment Act “ARRA” projects for the United States Department of Agriculture. Tactical wins on small, highly competitive contracts such as these can be leveraged as we expand strategically into adjacent and more profitable government services markets.
- Demonstrated ability to recruit and retain “top caliber” talent for our key programs. The low voluntary turnover of our nearly 800 employees within the GS business unit is indicative of a high degree of employee satisfaction.
